

# User Generated TV... internet broadcast networks for everyone

anyON

anyON

- ★ It's TV – always on, live streaming internet broadcasts
- ★ It's online – from any Internet device, to anywhere, on demand
- ★ Anyone can broadcast: – individuals, business, non-profits

### To Publish

- Use anyON™ Desktop:
1. Generate live stream
  2. Put channel on Web
  3. Broadcast it!

### To Receive

- Use Web browser or Desktop:
1. Open a channel page
  2. Click Play & watch!

The screenshot shows a web browser window titled "anyON Web TV - Microsoft Internet Explorer". The address bar shows "http://www.anyon.cn/Web/Channels.asp". The page content includes a video player on the left and a "List of Channels" table on the right.
